What is HIPS & DRUMS?

Siham Ali explores improvisational belly dance moves, steps and combinations. She will work with you and your students to enhance what you already know, and will show you new and different concepts in belly dance while...

Masani Azura masterfully plays the popular Middle Eastern rhythms and pattern variations of Baladi, Masmoudi, Ayyub, Saidi, Cheftetelli, Kashlimar, 6/8, and how to modify belly dance to match the rhythms. She will work with you and your students to understand music dynamics, i.e. phrasing and layering.

AND VICE VERSA! Both Siham and Masani are accomplished belly dancers and drummers and have performed and taught belly dance throughout the mid-west for over 20 years. Siham is known for her abdominal and hip isolations, drum solos, big/strong movements for the "Cheftetelli", and cane. She teaches approximately 13 belly dance classes weekly in Kansas City, MO. Siham annually brings to the Kansas City area "**Mudslide**" in February (where "**Hips and Drums**" debuted) and "**Maharajan**" in the fall.

Masani is known for her high energy, shimmies, layering and dynamic interpretation of the "Kashlimar". She teaches belly dance and drumming classes every other Sunday in Lawrence, KS. She publishes the regional newsletter "**ZAGAREET**" and annually brings to the Lawrence area "**Cirque du Beledi**" in May and "**Filibuster**" in the fall.

Now, through their close friendship and collaboration, Siham and Masani bring to you a master class experience that will assist you and your students to further appreciate improvisational belly dance and Middle Eastern rhythm interpretations.
